If you want to send or save this article:

1. Write a short message in the Message box. This will be the first thing that your recipients will see in the body of the e-mail.

2. Write a few keywords in the Categories box. These make finding associated articles easier, and will keep your saved and sent articles organized. Try to use the same keywords across similar articles.

3. Write the e-mail addresses of the people you wish to send this article to.

4. Check the "SEND" box if you would like to send this article to the intended recipients the next time you dock your pen.
